

Longi 540w photovoltaic panel parameters

Overview

With a maximum power output of 540W, a module efficiency of 21.1%, and a durable 35mm anodized aluminum alloy frame, this panel ensures superior performance and long-term reliability. Bifacial Technology Advantage: The LONGi 540W's bifacial design can increase energy yield by up to 30% compared to traditional monofacial panels, making it particularly valuable for ground-mount installations with reflective surfaces like white gravel or concrete. Superior Degradation Resistance: With an indomitable spirit and an unwavering passion for excellence, the Longi Solar 540W model redefines the boundaries of what is possible in the world of solar energy. Witness the seamless integration of power and innovation as this remarkable module harnesses the sun's rays with uncompromising. For wholesale pricing and availability contact your local Greentech Renewables or: Let us know what you're after through this form or by contacting a location near you and we'll promptly get you a quote with pricing and local availability. We'd love to work with you! Greentech Renewables supplies. The LONGi 540W Hi-MO5 Bifacial 144 Half Cells Solar Panel is a top-tier solar module designed for ultra-large power plants and high-efficiency energy production. This advanced solar panel features 144 half-cut PERC cells arranged in a 6x24 configuration, utilizing M10-182mm gallium-doped wafers. Monocrystalline Longi solar panel of 540 Wp (144 split cells) Monocrystalline photovoltaic module of PERC technology (Passive Emitter Rear Cell) of the Longi Solar brand of 540Wp with a high. El Panel Solar LONGI LR5-72HPH 550W HIMO5 es un panel del fabricante Longi que ofrece una gran potencia. (LR5-72HPH-540M). Higher Output Power | Lower LCOE | Less shading and lower resistive loss | Better mechanical loading tolerance.

Longi 540w photovoltaic panel parameters

Longi 540W Monocrystalline and Bifacial Solar Panel , LR5-72HBD ...

The Longi LR5-72HBD-540M solar panel is designed for optimal performance, offering 540W of power and a high efficiency of 21.1%. With its bifacial technology, it captures light from both sides to ...
