

New Energy Photovoltaic Panel Company Profile

Overview

Our business covers solar panels, project investment and new energy system solution. It owns two manufacturing plants in Jiangsu and Shandong province of China, with a total capacity of 2GW, which provides series of High-efficiency, Half cell, multi-busbar solar panels. Ningbo Zhongyi New Energy was established in 2013 (formerly known as Ningbo Reneled Energy Co. With customer-centric and technology as the foundation, Zhongyi New Energy has profoundly dug into the photovoltaic industry for decades and become a leading solar photovoltaic company in China. “Never-Stop, Powerful, Trust” This is our belief. is an innovative enterprise integrating. We actively introduces advanced equipment at home and abroad constantly develops new technologies, and launches high-quality photovoltaic. We're creating an all-in-one home and commercial energy solution that transforms how we live, connect, and interact with the world around us.

New Energy Photovoltaic Panel Company Profile

Risen Energy

As an independent division of Risen Energy in the field of photovoltaic energy storage station development, Risen Electric focuses on ground centralized photovoltaic energy storage stations and ...
