

# News about solar panels

## Overview

---

Malaysian solar installer Solarvest Holdings Bhd (KLSE:SLVEST) has responded to concerns over rising solar panel costs following China's removal of the 9% export tax rebate, saying it has secured supply at locked-in prices. Polish green power supplier Hekla Energy has signed a contract to purchase and balance energy from solar photovoltaic (PV) farms of over 60 MWp owned by the Budimex SA (WSE:BDX) group. US renewable energy developer energyRe said on Thursday it has secured the output of 360 MW solar projects under. Penn Engineers have developed a novel design for solar-powered data centers that will orbit Earth and could realistically scale to meet the growing demand for AI computing while reducing the environmental impact of data centers. Engineers at UNSW Sydney have developed a way to monitor solar cells.
