

# Off-grid photovoltaic containerized type for mountainous areas

## Overview

---

Off grid solar storage systems can be customized to meet the specific energy needs of different users in mountainous areas. What is LZY's mobile solar container?

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required. Among the most scalable and innovative solutions are containerized solar battery storage units, which integrate power generation, storage, and management into a single, ready-to-deploy.

## Off-grid photovoltaic containerized type for mountainous areas

---

### Intech Energy Container

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery bank, ...
