

Overseas demand for solar inverters shrinks

Overview

The global solar inverter market is set to contract over the next two years, according to analysis from Wood Mackenzie. Image: Lauri Veerde, Wikimedia Commons, CC BY-SA 4. The downturn follows record shipments in 2024 and reflects market uncertainty across major regions. Wood Mackenzie predicts an annual decline in global solar inverter shipments in 2025 and 2026 after reporting a record volume in 2024. (Illustrative Photo; Photo Credit: Roman Zaiets/Shutterstock. Following record-breaking inverter sales in 2024, there has.
