

# Palau Grid Energy Storage Project

## Palau Grid Energy Storage Project

---

### Investing in Palau's clean energy transition

This project, financed by the Australian Infrastructure Financing Facility for the Pacific, has reduced carbon emissions from diesel generators and supported Palau in reaching its renewable ...

### Hawai'i Natural Energy Institute Research Highlights

Additional generation and storage projects are already underway or being planned, including additional utility-scale BESS and substantial customer-sited rooftop PV rollouts.

[Learn More](#)

### Palau Renewable Energy Integration Project , The Australian

AIFFP is investing in Palau's grid upgrades and battery storage to enable more solar power, reduce diesel reliance and support Pacific climate leadership.

### Palau : Energy Transition Project (formerly Smart Grid Project)

Protection systems will also be upgraded to reduce the frequent blackouts of the grid system, especially with the expected increase of outputs from the solar photovoltaic power plant.

[Learn More](#)

### Palau Solar Photovoltaic Energy Storage Project

An AIFFP loan and grant package has supported Solar Pacific Pristine Power to build Palau's first solar and battery energy storage facility, key to its

transition to renewable energy.
