

# Photovoltaic Energy Storage President of LONGi

## Overview

---

February 27th, 2025 | Jiangsu, China -On February 27,2025, Li Zhenguo, founder and president of LONGi Green Energy Technology Co. (LONGi), attended the China Photovoltaic and Energy Storage Original Technology Forum in Suzhou and emphasized the importance of independent. KATOWICE, Dec., Ltd, a world-leading manufacturer of monocrystalline silicon PV products. Li made the remarks. LONGi Green Energy Technology, a leading integrated solar manufacturer in China, said on Tuesday that its founder, Li Zhenguo, will step down from his roles as general manager, board member and legal representative, taking on new responsibilities in leading the company's drive towards product. On November 26, LONGi's Energy Storage Product & Solution Launch was grandly held in London, UK. This marks Longi's strategic evolution from a global photovoltaic leader to an integrated "solar-storage-hydrogen". LONGi unveiled its energy storage strategy in London last week, officially announcing its entry into the storage sector with the launch of the LONGi Energy Storage One-Stop Solution.
