

# Photovoltaic bracket Jiashan cold bending

## Overview

---

This machine is suitable for the cold bending forming production of photovoltaic brackets: ☆ Maximum forming speed: 30 meters per minute; ☆ Production size range: 41\*41\*2.0mm ☆ Cutting accuracy: 3 to 15 meters ☆ Cutting. Wuxi Jiashan Cold Bending Steel Co. is a leading manufacturer located at NO. 30 Jingsheng Road, Qianqiao Industrial Park in Wuxi, Jiangsu province, China. Manufacturer of cold bending steel products. Our cold-rolled steel frames are mainly used in solar photovoltaic power generation, storage shelves, highway guardrails, mobile scaffolding, the automotive industry, power towers, and so on. Jiangsu JUNSEN International Trade Co. Patented products/processes, high precision and high efficiency, long mold life. Intelligent mold change, servo tracking shearing, shearing accuracy  $\pm 1\text{mm}$ . High efficiency. The solar bracket installation pillar channel rolling forming machine (updated version), also known as the seismic photovoltaic (PV) frame rolling forming machine, is used for installing, supporting, supporting, and connecting lightweight structural loads in building construction.

## Photovoltaic bracket Jiashan cold bending

### Galvanized C Purlins Factory Produce Cold Bending C Steel Purlin

It has the characteristics of stability, durability and adaptability, and is widely used in solar power generation projects. Photovoltaic brackets are made of high-quality aluminum alloy or galvanized steel with excellent ...

[Learn More](#)

## Wuxi Jiashan Cold Bending Steel

Manufacturer of cold bending steel products, including stents and section steel. It specializes in producing cold bending steel products like solar photovoltaic and seismic stents, C, U, Z section steel, angle ...

[Learn More](#)

## Photovoltaic bracket cold bending machine-Yigaoxin

Photovoltaic bracket cold bending machine This machine is suitable for the cold bending forming production of photovoltaic brackets: ? Maximum forming speed: 30 meters per minute; ? Production size range: ...

[Learn More](#)

## New Photovoltaic Bracket Solar Bracket C-channel Cold Bending

The solar panel bracket is made of U-shaped steel or C-shaped steel made of zinc aluminum magnesium material and supports connecting accessories. It can be easily transported and assembled, and also has the ...

[Learn More](#)

## Experimental study and bearing capacity on the photovoltaic support

To investigate the mechanical performance and failure characteristics of photovoltaic support bracket and connections with the cold-formed thin-walled high strength steel, 55 specimens of the ...

[Learn More](#)

## Solar PV Bracket Forming Machine Equipment

Explore our top - notch solar PV bracket forming machine equipment. Engineered for high efficiency and precision, it can meet all your solar PV bracket production needs.

[Learn More](#)

## Photovoltaic bracket cold bending forming machine, welding, loop

This equipment is mainly used for the

50KW modular power converter

production and manufacturing of photovoltaic brackets (C-shaped steel, U-shaped steel). Patented products/processes, high precision and high efficiency, long mold life. Intelligent ...

## About Us , Wuxi Jiashan Cold Bending Steel Co., Ltd.

One of the main products produced by Wuxi Jiashan Cold Bending Steel Co., Ltd. is solar photovoltaic stents. These stents are used in the solar energy industry to hold the solar panels in place. The stents are made of ...

## Cold Formed Steel Frame & Steel Structures Manufacturer in China

We specialize in a wide range of steel framing products, including cold-rolled steel frames such as solar photovoltaic brackets, seismic brackets, C, U, Z steel, angle steel, guide rails or tracks, and other cold ...

[Learn More](#)

## Section Steel, Angle Steel, Guide Rail Or Track

Our specialization lies in the production of a varied range of cold bending steel

products, including solar photovoltaic stents, seismic stents, C, U, Z section steel, Angle steel, guide rail or track, deformed steel, ...
