

Photovoltaic maintenance platform board manufacturer

Overview

MaintBoard supports maintenance for solar panel production lines, wind turbine component plants, battery & cell manufacturing, inverter assembly, and hydrogen equipment fabrication with precise PM scheduling and real-time visibility. Stringers, tabbers, laminators, cell testers, and curing ovens. With innovation-driven development as its most important strategy and core driving force, Trinasolar has put in place a comprehensive and leading science and innovation system. Collaborating long-term with over 30 leading universities and research institutes in more than 10 countries to advance. MBB half cut P-type and N-type high-efficiency modules, support full-black, bifacial, double-glass and other customized requirements. Photovoltaic power stations usually cover a large area with a large number of photovoltaic panels. As a leading solar mounting manufacturer, we provide OEM and ODM services. At present we cooperate with companies from United States, Germany, South Africa, Netherlands, Japan, South Korea, Thailand, Australia and other customers' cooperation, products have been exported to more than 50 countries.

Photovoltaic maintenance platform board manufacturer

Sunrise Energy Co. Ltd PV Module, Solar Energy Products China/ ...

As one of leading solar panel suppliers in China, the Sunrise module solar products currently mainly include the development, production installation, and sales of sunrise pv modules, as well as the ...
