

Photovoltaic panel brand LONGi

Overview

LONGi Solar is a Chinese brand founded in 2000. It specializes in monocrystalline wafers (solar cells) and it offers monocrystalline panels for all kinds of applications. At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell technology is leading the new-generation PV technology paradigm revolution, becoming the core engine to drive industry cost reduction and efficiency improvement and realize energy. Longi is the world's leading solar manufacturer, consistently making Top-10 solar brands. With manufacturing facilities and sales offices in more than 150 countries and regions worldwide, including Asia, America, Australia, and the Middle East, Longi has established a strong reputation for its. The company is committed to providing sustainable energy solutions around the world to promote the popularization and application of clean energy. Don't hesitate to contact us for better help and service. Explore more Since its establishment, the company has adhered to innovation-driven. LONGi Solar was founded in 2000 and is based in China, but they have offices all over the world with a headquarters in the U. Longi Solar's two primary solar panel technologies are PERC cell modules and bifacial modules.

Photovoltaic panel brand LONGi

48V 100Ah

Expert Review of LONGi Solar Panels

LONGi Solar, a Tier 1 solar panel brand, offers state-of-the-art solar technology features in their solar modules, including PERC technology. PERC cells allow solar panels to have a high cell efficiency.
