

Photovoltaic solar panel insurance prices

Overview

The annual cost of a separate endorsement for solar panels to homeowners insurance falls between \$100 to \$1,000. However, the cost varies based on your insurer, coverage options, solar system size, property location, and coverage limits. Example: If your home is insured for \$300,000, ground-mounted panels would only be covered up to \$30,000 under standard other structures coverage—potentially insufficient for larger systems. Certain types of damage are commonly excluded from standard policies: In 2025, some insurers in hail-prone. Different insurance companies have different pricing models and factors they consider when determining premiums.
