

Photovoltaic solar panel wrench

2MW / 5MWh
Customizable

Overview

Ideal for solar panel installations, maintenance, or repairs—effortlessly secure connections every time □Universal Compatibility□A must-have tool for solar projects, this wrench fits most standard MC4 connectors and PV cable types. ✓

Easy to Connect: Use the wrench to fix the base and body of the solar panel connector separately, then turn the wrench to tighten the solar connector to the solar cable. Three sizes (1500V/1000V) of base holes and two sizes of fixing holes were designed to accommodate different connectors. Durable steel inserts in wrench helps prevent warping. TPE overmold on the tool for extra comfort while on the jobsite. DURABLE: This Assembly Tools for Solar Panels Connectors are made of hard plastic which is durable, lightweight and easy to carry.
