

Portable photovoltaic panel customization factory

Overview

As a factory, we offer customization in power output, size, foldable designs, and connector types. Leverage our manufacturing excellence to create a top-tier solar charging solution for your customers. Our highly experienced engineering and production teams design and manufacture for you custom-made high-quality. Trust SunWize as your full service design-manufacturer for all custom & OEM solar panel requirements. Complete solutions from less than 1 to 100+ Watts, Rigid or Flexible Designs. Headquartered in Concord, NC, our specialized technology sets us apart as one of the few American companies producing customizable solar panels built for demanding missions. Why SBM Solar?

Our panels. PowerFilm designs and manufactures custom solar cells, panels, and power solutions for portable, and remote power applications using proprietary thin-film amorphous silicon or high-efficiency crystalline PV technology. We utilize advanced cell.
