

# Price quote for a 20kW outdoor telecom cabinet for us farms

## Overview

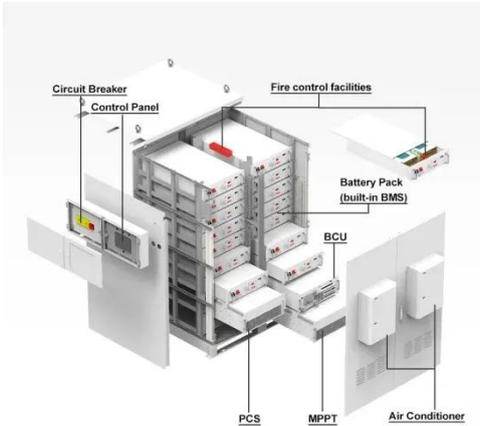

---

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. What is an outdoor telecom cabinet?

Before jumping into costs, let's clarify what we are. Telecom cabinets serve as essential enclosures for safeguarding telecommunication equipment from environmental threats like dust and moisture. The AZE Telecom offers top-quality weatherproof outdoor electrical enclosures and telecom cabinets. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Climate Control Solutions: Customize with fans, air conditioners, TEC (thermoelectric coolers), or heat exchangers to maintain optimal operating. The UPS output terminal has load connection terminals and terminals for connecting four high-airflow exhaust fans for outdoor cabinets (because hydrogen gas is generated during battery discharge when the mains power is off, the exhaust fans on the cabinet need to continue working 24 hours a day. As an OEM/ODM specialist, Mulan Group delivers custom-engineered telecom cabinets for 5G towers, base stations & harsh environments. Precision sheet metal fabrication meets IP66 & NEMA 4X standards.
