

Price quote for a 50kW energy storage container for use on Australian islands

Overview

Based on this data we can see the average cost of a 50kW system as of August 2024 is \$50,480 including the STC rebate and GST. At SCS Australia, we design and deliver containerised energy storage systems that provide safe, efficient, and scalable power solutions for industries, businesses, and communities. Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable. For commercial 50kW solar systems in Australia you will be looking at starting prices of \$45,000 to \$50,000 after rebate, excluding GST. For higher quality components from top tier manufacturers with highly efficient inverters the prices will start from \$55,000. Why Choose a Container Energy Storage System?

All-in-One Power Solution- Integrated. The Battery Box is Blue Diamond Machinery's proprietary standalone Battery Energy Storage System (BESS) designed to deliver clean, silent and reliable off-grid power.
