

Residential energy storage maldives

Overview

The Government of Maldives has signed an agreement to install 38 megawatt-hours (MWh) of battery energy storage systems (BESS) across 18 residential islands, as part of its ongoing efforts to transition to renewable energy. The project is supported by the Asian Development Bank (ADB) under the. Mar, 2023 Project Team Leader made a site visit and did a brief consultation with the implementing agency, the Ministry of Environment (ME), on the key concerns. The BESS installations will support high.
