

Resort Solar-Powered Container Wind-Resistant Model Discount

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Power your off-grid lifestyle with our Solar and Wind Turbine Off-Grid Power Package, designed to meet the energy needs of our 20' container homes. Key. Ready to unplug from the grid and embrace freedom and an environmentally friendly lifestyle?

Our off-grid shipping container homes offer a unique opportunity to create a self-sufficient, personalized haven designed to fit your needs. This contemporary apple-shaped cabin combines modern aesthetics with practical. These homes integrate photovoltaic (PV) panels, battery storage, charge controllers, and inverters to generate and store electricity off-grid. Built from recycled steel, this home is both durable and eco-friendly. With its own solar panels, you can live completely off the grid and reduce your carbon footprint.
