

# Rwanda new mobile energy storage power supply manufacturer

## Overview

---

In a groundbreaking move, Kabisa, a pioneering company in sustainable transportation, has announced the launch of an extraordinary electric mobility ecosystem in Rwanda. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM. Smart BMS technology helps factories store solar energy during the day and discharge it during high-tariff periods, cutting electricity bills by up to 18%. Emergency Backup for Critical Infrastructure Hospitals and data centers can't afford power interruptions. Modern BMS systems provide. As Rwanda accelerates its renewable energy adoption, large mobile energy storage vehicles are emerging as game-changers. Did You Know?

Rwanda aims to achieve 100% electricity access by 2024, with 60% coming from renewable sources (Ministry of Infrastructure, 2023). Storage systems are essential to hit these targets. Founded in 2017, it's a pioneer. SUL E-MOBILITY COMPANY, also known as Safi Universal Link (SUL), is making waves in the electric mobility sector, particularly. designed to capture, store, and supply electrical energy.
