

# Saint Kitts and Nevis all-vanadium liquid flow battery energy storage

## Overview

---

St Kitts and Nevis: An integrated 30.5MWh Battery Energy Storage System is set to be launched alongside the procurement of a 50MW solar PV plant in St Kitts and Nevis. The project will be developed in partnership between the government and SKELEC (St. Kitts Electricity). On Decem, Rongke Power (RKP) completed the installation of the world's largest vanadium flow battery. V: VAND) (OTCQX: VANAF) is pleased to highlight Storion Energy LLC's ("Storion") recently announced strategic supply agreement with TerraFlow Energy Operating LLC ("TerraFlow"), as well as. Leclanché provides battery energy storage system for largest solar and storage project in the Caribbean, construction starting in 2024 BASSETERRE, St. Kitts and Nevis will add a utility-scale solar and storage plant to meet one quarter of its electricity needs. 2MWh battery storage facility will be built and operated by Leclanché, a Swiss firm acting as EPC contractor. The Project, scheduled for completion in. The project is expected to supply about 30 percent of the country's annual electricity production once commissioned. But here's the kicker: Their fuel costs swing.
