

Solar container outdoor power system

Overview

These turnkey solutions integrate solar panels, inverters, batteries, charge controllers, and monitoring systems into a single transportable unit that can be deployed rapidly to provide electricity in diverse locations. Access to a parts supply chain means that systems can be built quickly, efficiently and without compromise in the UK. The Off Grid Container also. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability. The integrated solar system delivers 400-670 kWh of energy daily.

Solar container outdoor power system

Off-Grid Solar Containers , Energy Independence Delivered

Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators--engineered for the places where conventional infrastructure can't reach, and built for those who ...
