

Solar panel 320 specifications

Overview

Mission Solar 320W Solar Panel is a 60 cell module featuring class leading power output that makes it ideal for both commercial and residential systems. SunPower™ Solar Panels are the most efficient photovoltaic panels on the market today. This saves both. The lightest and most compact 320W N-TYPE rigid solar panel with high-efficiency 18 busbars design. 66%), through innovative manufacturing technology. perfect for rooftop installation. eliminates mismatch loses, more power from each module bin.

Her Efficiency of Up to 18.94% High Efficiency at High Temperatures Quality and Reliability Enhanced Frame Design 12 Year Product and 25 Year Performance Warranty This panel is a 60 cell solar panel featuring a sleek, all-black design coupled with outstanding power output. Its design makes it ideal for residential and commercial rooftop systems. Strong 40mm robust frame increases durability and strength and is able to withstand a heavy snow load up to 5631 Pa and large hail. Added salt mist resistance makes it See more on a1solarstore Brand: Mission
