

Solar panel bracket on top of packing box

Overview

Holds 10 to 30 watt solar panels at 45° (for maximum solar response in most conditions) on top of the energizer/battery support box. We pre-drill each solar panel to fit these brackets. Turn your container roof into a power station - without welding, cutting, or complicated installs! Our solar panel mounting kits are designed specifically for shipping containers. Design support one rows of 12 modules in portrait when placed on a single width container structure. Package include 9 support rafters, 18 leg footings for corner-mount to standard shipping container, cross. Scroll to the bottom of any page to find a sun or moon icon to turn dark mode on or off! Mounting several panels on top of a shipping container, without penetrating the roof?

Please picture a standard 40ft shipping container (8 ft wide). MID AND END CLAMPS FOR SOLAR. Adjustable tilt bracket allows you to fine-tune panel angle for each season. Each mount kit includes Free Access to DIY.
