

Solar power generation national subsidy equipment

Overview

PM-KUSUM Scheme: Provides up to 60% subsidy for farmers installing solar pumps. National Solar Mission: Offers Viability Gap Funding (VGF) for large-scale projects. The program provides guaranteed loan financing and grant funding to agricultural producers and rural small businesses for renewable energy systems or to make energy efficiency improvements. Agricultural producers may also apply for new energy efficient equipment and new system loans for. Access the full content of the database in real time with the DSIRE API: <https://www.dsire-api.org/> DSIRE has teamed-up with EnergySage to help you go solar. In this article, we'll break down solar incentives and subsidies by region—covering North America, Europe, Asia, Africa, and Oceania—so you can understand what opportunities are available.
