

Solar powered devices factory in Paraguay

Overview

This guide outlines the key steps a foreign investor must take to successfully register and permit a solar manufacturing facility in Paraguay, turning a strategic vision into a tangible industrial asset. With an abundance of low-cost, clean energy and a government actively seeking to diversify its economy, the country offers fertile ground for manufacturing ventures. For Paraguay exports more electricity than soybeans or beef, yet power cuts remain part of daily life across the country. For Félix Letkemann, 31, one of the founders of Chaco Solar, that contradiction is not theoretical. This article. Local manufacturers have adapted products for: In 2022, this leading Paraguayan manufacturer deployed 1,200 solar+inverter systems in the Chaco region: "We don't just sell boxes - we provide energy independence," says EK SOLAR's CEO during a recent interview.
