

# South African companies investing in energy storage power stations

## Overview

---

Listed below are the five largest energy storage projects by capacity in South Africa, according to GlobalData's power database. GlobalData uses proprietary data and analytics to provide a complete picture of the global energy storage segment. 16, 2024 /PRNewswire/ -- Envision Energy, a world leader in renewable energy solutions, proudly announces a contract with the EDF Group, to supply three battery energy storage systems (BESS) for the Oasis 1 cluster of projects, amounting to 257 MW of capacity and 1028. Global energy storage capacity was estimated to have reached 36,735MW by the end of 2022 and is forecasted to grow to 353,880MW by 2030. South Africa had 2MW of capacity in 2022 and this is expected to rise to 4MW by 2030. Battery storage is provided through 456 shipping container-sized units, with a total storage capacity of 225 MW – making the site one of the 10 largest battery. UK company Globeleq, the leading independent power company in Africa, today announced that its Red Sands project in the Northern Cape has been awarded Preferred Bidder status in South Africa's Energy Storage Capacity Independent Power Producer Procurement Programme (ESIPPPP).
