

Special solar container system customization

- LiFePO₄
- Wide temp: -20°C to 55°C
- Easy to expand
- Floor mount&wall mount
- Intelligent BMS
- Cycle Life:≥6000
- Warranty :10 years

Overview

Customization lets you choose the container size, solar power, battery storage, and design. This helps meet your special energy needs. All-in-one solar and battery systems (20KWh–430KWh) for hybrid energy supply, designed for off-grid and backup scenarios. Customized hybrid power cabinets combining PV. From system design to factory testing, we size and deliver SolaraBox Mobile Solar Containers that meet site needs reliably and on schedule. A 26,000 m² plant handles R&D, prototyping, and full production. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Can you customize a mobile solar panel system for special needs?

A mobile solar panel system gives you more choices. In the dynamic world of container applications, from cozy tiny homes to innovative business setups, the power to customize is key. 87 kW of clean power and avoiding tons of CO₂e annually. Paired with a Joos Solar all-in-one energy storage system, including a 15 kW inverter & 30 kWh LiFePO₄ battery, the system powers.
