

# Stand-in-one solar light

## Overview

---

Featuring an integrated design, it combines a solar panel, LED light, battery, and controller into a single unit, providing bright illumination and easy installation. High-Efficiency Solar Power: Monocrystalline solar panel captures more sunlight for faster charging. All-in-One solar streetlights range is designed to deliver reliable, stand-alone lighting for streets, parking lots, paths and off-grid public spaces. The ClimatePartner certified product label confirms that a product meets the requirements for the five steps in climate action including calculating carbon footprints, setting reduction targets, implementing. Sun-In-One™ engineers and manufactures efficient LEDs, Security Lighting and Solar Power Kits for everyday uses that match on-grid reliability, safety, and security. Our kits include solar sign kits, security cameras power, shed lighting & power, shipping container lighting, bus shelter lighting. The iSSL Series is the world's most reliable all-in-one solar lighting range. It includes a versatile bracket that fits any square or round pole. We are dedicated to helping you find the needed.
