

# Student Solar Power Generation Sandbox

**Higer conversion efficiency**

CAN/RS485/WIFI/4G  
Blue tooth communication

20 Kwh

30 Kwh

50 Kwh

Thick shell, well protection for inside cells

BMS customization supported

The advertisement features three stacks of white solar power generation units on wheels. The first stack is labeled '20 Kwh', the second '30 Kwh', and the third '50 Kwh'. Each unit has a small digital display and a BMS (Battery Management System) label. The background shows a house and a clear sky. The text 'Higer conversion efficiency' is written in a bold, sans-serif font. The communication options 'CAN/RS485/WIFI/4G' and 'Blue tooth communication' are listed in a black box with a wireless signal icon. The bottom of the advertisement has two green boxes with white text: 'Thick shell, well protection for inside cells' and 'BMS customization supported'.

## Student Solar Power Generation Sandbox

### Solar Energy Curricula and Lesson Plans

We have helped thousands of educators bring wind and solar power to life in the classroom, guided by its award-winning curriculum, its unique tools and kits, and a deep passion for the subject matter.
