

Superimpose solar container outdoor power

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. A solar-powered container can run lighting, sound systems, medical equipment or communications gear without waiting for grid hookups. Off-grid living and clinics: Even homes and clinics have been built from shipping containers. With scalable solar capacity of 30-200kW and battery storage options from 50-500KWh, Solarfold™ provides reliable power wherever. With Solarfold, you produce energy where it is needed and where it pays off. Comprising solar panels, batteries, inverters, and monitoring systems, these containers offer a self-sustaining power solution. SolaraBox Mobile Solar Container brings green energy wherever you need it.
