

The price of LONGi double-glass photovoltaic panels

Overview

US\$ 150/Piece SUNPAL POWER CO. Warranty: Based on the advanced mono wafer and anti-LID technology, LONGi offers a first-year power warranty of $\geq 98\%$ for PV modules. The Longi Hi-MO 8 LR8-66HGD is a high-performance bifacial double-glass solar panel, designed for superior energy generation and durability. This panel harnesses sunlight from both the front and rear sides, maximizing energy output, especially in environments with reflective surfaces. Thanks to the bifacial cell layout, they can convert not only direct sunlight but also. As of Febru, LONGi Green Energy has implemented a price adjustment for distributed generation systems, with increases ranging from ¥0. This follows a surge in post-Lunar New Year demand across domestic and European market As of. Feature highlights: Longi Photovoltaic Panel LR7-72HTDR series, featuring 600W to 625W power options with N-TYPE monocrystalline silicon cells, offers ultra-low power degradation and superior resistance to humidity and heat.
