 **TAX FREE**    

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

**ENERGY STORAGE SYSTEM**

## Overview

---

Official and up-to-date data of Togo for all years of statistics, in an easy-to-read format. Analysis of consumer electricity prices with advanced tools for comparisons, trends, shares, and various metrics. Demand for electricity in Togo has increased rapidly in line with economic growth, but energy production capacity remains insufficient to trigger structural transformation and private sector development. The progress made and the favourable outlook should help to achieve universal access to. Electricity can be generated in two main ways: by harnessing the heat from burning fuels or nuclear reactions in the form of steam (thermal power) or by capturing the energy of natural forces such as the sun, wind or moving water. of total generation Electricity production tends to closely match. Togo implements policies in 5/8 categories tracked by Climatescope; Renewable energy target, Auctions/tenders (utility-scale), Support for customer-sited generation (rooftop and self-consumption), Tax incentives, and Priority generation dispatch The average electricity price in Togo has increased. Togo's energy consumption landscape is characterized by a significant reliance on traditional fuels, with only 57. 2% of the population having access to electricity as of 2024. Despite a growing urban population and increasing literacy rates, many residents depend on biomass, animal waste, and. This chart does not include flow data. Flows are visible in hourly views. Read more about our historical aggregations here. What share of Togo's population has access to electricity?

Electricity is a good that adds massive value to modern life: from having light at night; to washing clothes; cooking meals; running machinery; or connecting with people across the world.
