

Trinidad and Tobago solar Panel Project

- ✓ **ALL IN ONE**
- ✓ **100Kw/174Kwh
High Capacity**
- ✓ **Intelligent
Integration**

Overview

Trinidad and Tobago has taken a monumental leap forward in its renewable energy journey with the inauguration of the 112.2-MWdc Couva Solar Park, the largest solar project in the Caribbean. This development highlights the nation's commitment to sustainable energy solutions and sets a major. THE LARGEST solar project in Caricom, located right here in TT, will soon open. Once online in October, the Brechin Castle facility will generate enough power to supply 31,500 homes. The proposal involves a consortium of Lightsource bp, bp and Shell working together to develop a solar installation that will have an output power capacity. On July 9 th 2025, Dr. 2MW Solar Utility Scale Project located in Brechin. Port of Spain, Trinidad and Tobago — The Brechin Castle Solar Limited, (a joint venture of bp, Shell, and a subsidiary of the National Gas Company of Trinidad and Tobago), on Wednesday welcomed key government officials and stakeholders to its project site in Couva.
