

# Turnkey Project for Hotel Server Racks

## Overview

---

Our in-house rack specialists will work with you to build the server rack enclosures or open-frame racks that meet your exact specifications and budget. Need it fast?

No problem. we have one of the shortest turnaround times in the industry. Whether you plan to ship tens, or thousands of racks per month, Celestica has the world-class engineering teams, global footprint, optimized supply chain, and extensive portfolio of storage, compute and networking Hardware Platform Solutions (HPS), to help you meet your needs. From system builds. Executing a successful turnkey hotel project requires meticulous planning, high-quality hotel supply, and top-notch hotel equipment to ensure a seamless guest experience. We offer integration services that involve creating a fully-configured rack cabinet system ready for deployment on the day of shipment. CRD engineers, designs, and builds complete turnkey data centers and server rooms. We represent the major OEM manufacturers of computer power & environmental products including uninterruptible power supply. Designed to meet the needs of high-density data center environments, Iron's rack enclosure can hold and protect a wide range of IT equipment while supporting enhanced power management, efficient cooling, and simplified component storage and mounting.
