

Version of Solar Photovoltaic Energy Storage Cabinet

**High Voltage
Solar Battery**

Overview

Photovoltaic energy storage cabinets are advanced solutions integrating solar energy systems for efficient power management. provide backup electricity during outages, 3. enhance energy autonomy, and 4. They assure perfect energy management to continue power supply without interruption.

Constructed with long-lasting materials and sophisticated technologies inside. SOFAR Energy Storage Cabinet adopts a modular design and supports flexible expansion of AC and DC capacity; the maximum parallel power of 6 cabinets on the AC side covers 215kW-1290kW; the capacity of 3 battery cabinets can be added on the DC side, and the capacity expansion covers 2-8 hours.

Version of Solar Photovoltaic Energy Storage Cabinet

Energy Storage Cabinet_SOFAR

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...
