

Victoria rechargeable solar container battery manufacturer

Overview

EVO Power delivers turnkey battery energy storage systems for commercial, industrial, and utility markets — enabling safer, smarter, and high-performance clean energy solutions. Join innovators such as Volgren, Envirostream, SupraG Energy, Chargefox, Reposit, GreenSync, Redback Technologies, Selectronic and Powerplus who are modernising the state's electricity grid, supporting new renewable energy capacity and improving reliability of power supply in battery production. Master Instruments Pty Ltd is a 100% Australian owned and operated company, established in 1942. If you are an ABN. Lithion Battery Inc., established in 1998 and headquartered in Henderson, Nevada, is a manufacturer of lithium iron phosphate and lithium-ion battery cells, modules, and battery packs. The company offers a diverse range of products, including electromechanical and cable assemblies, lithium-ion. With advanced load and generator management, Neovolt ensures your energy is reliably and efficiently used, reducing stress and saving money. You get all this from as low as \$7,500 * — Installation included. Visualise the VoltX™ Neovolt Solar Battery System in your home with our cutting-edge. With 75 years of experience under their belt, leading German Cable manufacturer Klaus Faber AG have diversified into the field of portable power. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions.

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
