ADB supports Vietnam in developing energy storage systems to ...

Alongside Mongolia and Cambodia, Vietnam will receive technical and financial support to promote energy storage solutions - a key factor in transitioning to a low-carbon economy.

[Learn More](#)

Vietnam strengthens energy storage pathway

Vietnam sharpened its national energy-storage roadmap this week as government leaders, technical agencies, utilities, and industrial operators aligned on the next phase of Battery ...

[Learn More](#)

Vietnam standardizes energy storage systems

Standardizing energy storage systems opens up opportunities to promote a circular economy and reduce electronic waste in Vietnam.
