

# Where is there a factory in Khartoum that makes solar container system

## Overview

---

As a leading Khartoum photovoltaic panel assembly manufacturer, we've powered 120+ projects across Sudan since 2018. Our ISO-certified factory combines German engineering with Sudanese practicality. Learn about market trends, local manufacturing advantages, and sustainable solutions shaping Africa's clean. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.
