

Who is the director of photovoltaic panel production

Overview

Helena Li is a highly experienced senior executive, who has spent more than ten years devoting to solar energy development since April 2011. Today, China's share in all the manufacturing stages of solar panels (such as polysilicon, ingots, wafers, cells and modules) exceeds 80%. This is more than double China's share of global PV demand. In addition, the country is home to the world's 10 top suppliers of solar PV manufacturing. Grid-connected solar photovoltaics (PV) is the fastest growing energy technology in the world, growing from a cumulative installed capacity of 7.7 GW in 2007, to 320 GW in 2016. Over a decade ago we set out on a mission. Our perovskite technology. Mr. Jifan Gao, Chairman and General Manager of Trinasolar, founded the company in 1997. He now serves as a member of the standing committee of China National Democratic Construction Association, a member of the Standing Committee of Jiangsu Provincial Political Consultative Conference, Chairman of. This guide compares leading solar panel manufacturers worldwide, examines the resurgence of US manufacturing, and shows how businesses can source panels wholesale.

Who is the director of photovoltaic panel production

Jin Qu Photoelectric (Shanghai) Co., Ltd. , Production Equipment , China

Company profile for solar equipment manufacturer Jin Qu Photoelectric (Shanghai) Co., Ltd. - showing the company's contact details and products manufactured.
