

Who should I contact for solar power generation

Overview

To find a reputable company in your area, you can ask friends and neighbors for referrals, check local government websites for recommended installers, or look at reviews from both solar experts and real customers on a site like SolarReviews. Shanghai JINSUN New Energy Technology Co. is a renowned and highly respected manufacturer and agent of new energy equipment in China. We specialize in wind power generation systems, photovoltaic power generation systems, wind-solar hybrid power generation systems, battery energy storage. Shanghai Electric Power Generation Engineering Company is one of the core businesses of Shanghai Electric Group, a large equipment manufacturing conglomerate in China. Targeting global markets, we are engaged in EPC, O&M, life time extension, full life cycle service engineering technical services. Investments from the U. Department of Energy Solar Energy Technologies Office (SETO) have made solar energy more affordable for American consumers. You may be considering the option of adding a solar energy system to your home's roof or finding another way to harness the sun's energy. Founded in 2007, our company is located in minhang export processing zone, fengxian district, Shanghai.
