

# Wind solar and storage industry cluster

## Wind solar and storage industry cluster

---

### Wind, Solar, Storage Heat Up in 2025

Dozens of large-scale solar, wind, and storage projects will come online worldwide in 2025, representing several gigawatts of new capacity.

---

### Wind and solar need storage diversity, not just capacity

Despite massive capacity additions, wind and solar curtailment rates have remained stubbornly high in northwestern China. Moreover, reliance on fossil fuel-based backup capacity ...

[Learn More](#)

---

### Capacity planning for wind, solar, thermal and energy storage in ...

Based on the analysis, decision-makers should prioritize increasing investments in wind, solar, and energy storage systems, as their installed capacities significantly rise under the electricity ...
